□

The diagram illustrates a software interface window. At the top is a title bar with the number '300' on the left and three standard window control buttons (minimize, maximize, close) on the right. Below the title bar is a large empty rectangular area. To its right, within the same row, is a smaller rectangular search field containing the text 'TOPIC WORD(S) SEARCHED:' and the number '320' in the top right corner. The main content area is labeled '340' at the top left. It contains a heading 'RESULTS returned using TOPIC WORD(S):' followed by a list of seven numbered lines, each ending in a set of three checkboxes for 'Save', 'Print', and 'Discard'. At the bottom of this section are three buttons labeled '360a', '360b', and '360c'. A small square icon with a diagonal line is centered below these buttons. To the right of the main content area are two small triangular icons, one pointing up and one pointing down, positioned vertically.
